~ segue la Supplica ~

Ill.mi Sig.ri Deputati Sig.ri Pron.i Col.mi

Intrapresa li mesi passati con un buon Cuore dal Pad. Antonio Pasini l'impresa altrettanto benefica quanto desiderata da tutti li Cittadini di render perenne anco nei tempi di mag.r siccità l'acqua del Pozzo del suo Convento; Pozzo può dirsi più pubblico che nostro, concorrendovi a prender l'acqua del med.mo mattina per l'ottima sua qualità non solo le circonvicine, ma fin le più remote Contrade della Città; Consigliata la faccenda con persone perite, restò stabilito, come unico mezzo a tal fine di piantar un Sione nel gorgo contiguo al suo Orto, e con esso tramandarvi ad ogni occorrenza per sotterraneo

Aquedotto

Acquedotto nella sabionera del Pozzo l'acqua del gorgo stesso.
Essendo però necessario per la fabbrica dell'acquedotto di spianare un buon tratto della gran riva che divide in due parti l'orto, e d'indi levare, ed asportare una gran quantità di terra; prese esso Pad. Antonio il ripiego come più facile, e men dispendioso, d'andar gettando la terra stessa, che si levava dalle rive, nel vicino lago d'acqua stagnante, considerando, che in tal modo veniva ad asciugarsi la parte inutile del medesimo, anzi la parte nociva perche palludosa e che non serve ad altro che a corromper l'aria con fetide esala=zioni; e che in tal modo s'averebbe potuto piantar il sione più vicino all'acqua corr.te e tramandarla al Pozzo più limpida, e pura.

Infervorato il buon religioso nell'opera, e non applicando ad altro che alla buona riuscita della med.ma non gli venne in mente ciò, che più importava; il debito cioè che aveva disegnando d'atterrar un gorgo pub. tutto che palludoso, ed innocente nel seno d'una conspicua Città, d'impetrarne prima la permissione dal Mag.co Ill.mo, che rappresenta il Pubblico.

Avvertiti poi dell'errore, involontario però, del Pad. Ant.o lo facessimo subito desistere dall'intrapresa, nè doppo il corso di più mesi è stato ivi fatto alcun minimo lavoro. Levatasi la mano dall'opera, e rimasta la medesima imper=fetta come si vede, non si è però in noi intiepidita la brama e la premura di renderla compita a benefizio più de' Citta=dini che del nro Convento, poca essendo l'acqua, che basta a supplire al solo nro bisogno

Spinti da questi motivi ed animati dalla Benignità di Ill.mo e dal pub. Genio stato sempre benefico alla nrã Religione.

ricorrimo

ricorrémo al loro Illmō Magtō ed implorando un benigno compatimtō all'involontario errore del Pad. Antonio, le supplicamo umilmte a permetterci il proseguimento dell'opra incominciata nel palludoso stagno fino a quel segno e con quelle misure, che alla loro sempre riverita autorità parerà di prescriverci, acciò possiamo poi piantar sull'acqua rura il disegnato sione da tramandarla al Pozzo del nrō Convento.
Per il dilatamento, che veniva però a ricever il nrō Orto, offeriamo un'annua recognizione di due Candellotti d'una libra l'uno alla Chiesa loro di S. Giovanni in Piazza Contarena; e confidando d'impetrar dalla somma Bontà di VV. Illme la grazia, confidiamo altresì, che siano per averne retributore l'Altissimo, ed intercessore il glorioso Santo de Miracoli, e con tutto l'ossequio ci protestiamo

L'Arma, posta à mano sinistra sopra le Porte della
Chiesa, e del Convento di S. Francesco de' Min: Con: d'Urbi-
no, rappresentante tre Colombe con un Cordone in giro,
e col motto Pax, di cui è geroglifico la Colomba, non
è della Casa di S. Francesco, il di cui stemma furono tre
oche, come trà gl'altri dice il Pre Tuttignano Cro-
nologista della Religione: mà stimo, sia stata la pri-
ma alzata dalla Relig.e, ò per additar con sì pia impresa
la pacifica carità, e caritatevole unione, che regnar de-
ve trà Religiosi, ò pure mi persuado (non trovando
altro fondamento) che i primitivi Figli grati al Santo
Padre, vollero per sua memoria alzare l'Impresa propria
della sua Casa, tramutando le oche in Colombe, che
poco si differenziano per la naturale loro bianchezza;
e forsi tale tramutatione fù ispiratione del Cielo,
come nella Francia fù cosa Celeste, li tre Rospi
dello stemma Reale si cangiarono in tre Gigli d'oro.
Di tutto ciò si potrà prendere più esatta informatione
dal Pre mro Gio: Franchini da Modena, già stato
Procur.e Generale dell'ord.e, quale di presente forma la
Cronologia della Religione.
Quanto all'Arma particolare della Persona di S. Francesco,
egli usava per sigillo il segno del Tau, come
dice S. Bonaventura, cioè un T. che si avvicina al segno
della santa + della quale egli era devotissimo:
che poi nel sagro Conv.to d'Assisi, Capo della Relig.e
servì, e serve di presente, e servirà, di sigillo.
Col progresso poscia del tempo la Relig.e prese per Arma
le cinque Piaghe, et anco due braccia incrociate,
uno di Xpto, e l'altro di S. Francesco.
Al presente si serve d'un sigillo coll'impronto
della Pentecoste. Di più il P. Rmo Generale si ser-
ve d'un sigillo picciolo coll'imagine di S. Francesco. ò
Però, se desiderasi maggior contezza del sopraccennato
e chiarezza d'altra cosa, si parli col sud.o P. Franchini.
